UNVEILING OF THE WFCU ECO SPACE

Windsor, ON – On Thursday, June 21st at 10:30am, WFCU was pleased to participate in the reveal of the newly developed WFCU Eco Space at the Art Gallery of Windsor (AGW) on 401 Riverside Drive West.

Martin J. Komsa, WFCU President and Chief Executive Officer stated “WFCU prides itself in supporting local artists and this partnership is another way we are fulfilling a commitment and promise to the arts community. The WFCU Eco Space gives the community a place to come, enjoy the green roof as well as have a birds-eye view and watch the amazing transformation of downtown. The school children will not only learn about green initiatives, they will do so creatively through the art programs that the AGW has developed”.

He added “The AGW began in 1943 at Willistead Manor, now we stand in a state of the art facility and WFCU is very proud to be an AGW partner. We look forward to the future of the AGW and the many things that are in store”.

Since 2009 WFCU has committed over \$85,000 to the AGW’s fundraising and capital campaigns. WFCU is also proud to be the official financial institution of the AGW. This partnership has provided the AGW with financial expertise as they dealt with some challenging times. WFCU and the AGW are both committed to the future of this community.

Catharine Mastin, Director of the Art Gallery of Windsor remarked, “The Art Gallery of Windsor is delighted to add WFCU to our Named Space family of supporters, stakeholders and sponsors. Support such as this from Windsor’s corporate sector is crucial not only to the AGW’s long-term sustainability, but also to our continued work to engage the Windsor community more broadly. Support from WFCU has enabled the AGW to greatly enhance visitor usage of the Eco Space Lounge and contributed to much needed improvements to the AGW.”
